## **DETAILED ACTION**

### ***Election/Restrictions***

1. Claim 8 is withdrawn from further consideration pursuant to 37 CFR 1.142(b) as being drawn to a nonelected invention, there being no allowable generic or linking claim. Election was made **without** traverse in the reply filed on June 26, 2008.
2. Applicant's election without traverse of Group I, claims 1-7 and newly added claims 9 and 10 in the reply filed on June 26, 2008 is acknowledged.

### ***Claim Objections***

3. Claim 8 is objected to because of the following informalities: In line 1, the status identifier is incorrect in claim 8. In the next response the applicant should change the status identifier from "ORIGINAL" to --(WITHDRAWN)--. Appropriate correction is required.

### ***Claim Rejections - 35 USC § 102***

4. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless --

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

5. Claims 1, 2, 6 and 7 rejected under 35 U.S.C. 102(b) as being anticipated by EP 0936000.

EP 0936000 discloses an adhesive dispensing nozzle comprising a nozzle 18; a pivoting nozzle clamping and ejecting lever 19 which can pivot at 97; and tightening and locking fastener 92. The apparatus of EP 0936000 is capable of performing the method steps as claimed.

***Allowable Subject Matter***

6. Claims 3-5, 9 and 10 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

***Conclusion***

7. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Allen discloses a quick change nozzle for an adhesive dispensing device.
